

KEEP OUR KIDS IN SCHOOL:

GET SCHOOLS THE VACCINE TODAY

Our schools are struggling to stay open during the pandemic. We need to get our teachers and school staff vaccinated. Every day, there is another reported case of COVID-19 that closes a school.

We cannot delay getting vaccines to school staff a moment longer. We need our legislators to know that education is essential and that getting the vaccine to all school staff - from bus drivers to teachers to instructional aides to cafeteria and custodial workers - is needed today.

Here's how you can help:
